# The Complete Matthews Paint System

**Matthews Topcoats** provide a long-lasting, UV resistant finish that boasts unsurpassed color and gloss retention. With three different lines to choose from—including the environmentally friendly MAP Ultra Low VOC—and unlimited color options, there is a topcoat to meet any project requirement.

**Matthews Primers**, including chromate-free and low VOC product lines, provide excellent paint adhesion to a variety of hard-to-adhere substrates and can be directly coated with any Matthews topcoat. In addition, Matthews primers offer increased paint durability, corrosion protection, and filling capability.

Available in all finishes for a variety of applications, **Matthews Clearcoats** protect your paint job while enhancing its depth and vibrancy. Comprised of the same durable resin as our color lines, Matthews clearcoats provide unparalleled resistance to UV rays, moisture, harsh weather, impact, chemicals, and graffiti.

**Matthews Cleaners** are designed to remove waxes, grease, silicones, and other contaminants on a variety of substrates including bare metal, plastics, primers, and more. Our environmentally friendly, ultra low VOC option is highly effective and compliant with most VOC rules nationwide.

Customize your application with **Matthews Additives** to achieve your project goals! Our suede additives provide a unique, textured finish. Matthews metallic tones help you achieve optimum brilliance. Brush and roll additives offer maximum leveling and flow characteristics. Our low VOC basecoat converters allow you to paint multicolor signs in hours instead of days.

Delivering free-to-attend world-class training in state-of-the-art facilities is just one more way that Matthews Paint helps you outperform your competition. **Matthews Training** classes provide both classroom style technical training and hands-on opportunities to practice what you learn.
